RECREATION

COLLEGE OF EDUCATION AND HUMAN SERVICES

Graduate Faculty:

**Agate, Joel**, Assistant Professor, Ph.D., Clemons University, 2010; 2010. Recreation Administration, Nature play as a catalyst for Awe.

**Glover, James M.**, Associate Professor, Emeritus, Ph.D., University of Maryland, 1980; 1984.

**Glover, Regina B.**, Associate Professor, Emerita, Ph.D., University of Maryland, 1983; 1983.

**McEwen, Douglas N.**, Professor, Emeritus, Ph.D., Michigan State University, 1973; 1975.

**Ward, Whitney C.**, Assistant Professor, Ph.D., Indiana University, 2008; 2007. Adventure leadership, group dynamics, wilderness medicine, value of wilderness.

**Yang, Heewon**, Associate Professor, Ph.D., Indiana University, 2002; 2004. Therapeutic recreation intervention programs for adolescents with aggressive behavior, therapeutic recreation intervention programs for adopted children with special needs; relationship between aggressive behavioral tendencies and free time boredom.

The Recreation program in the Department of Health Education and Recreation offers a broad interdisciplinary program of studies preparing students for administrative careers in recreation management or therapeutic recreation. The program leads to the Master of Science in Education degree with a major in recreation. This program requires a nonrefundable $50.00 application fee that must be submitted with the application for Admissions to Graduate Study in Recreation. Applicants can pay this fee by credit card when applying electronically.

**Master of Science in Education Degree**

Graduate work in recreation stresses administration and research and is open to highly qualified students. All students must be admitted to the Graduate School in good standing.

Graduate students in recreation must complete a minimum of 36 semester hours including a theory core and a research core. The research core is completed by fulfilling requirements for either the thesis or the non-thesis option.

The thesis option requires 3 semester hours of research methods, 3 semester hours of thesis, and 3 or 4 semester hours of statistics. After completing the required research methods course, each student should select a chairperson for the thesis committee. A minimum of two additional graduate faculty members, one holding rank outside the faculty of recreation, is needed to form the full committee. After approval of a thesis topic, the student will conduct a research effort under the committee’s guidance, followed by an oral examination.

The non-paper option requires 3 semester hours of research methods, 3 semester hours of project in recreation, and 3 or 4 semester hours of statistics. The research project or paper may be field-based or applied and will be supervised by an academic adviser who is a graduate faculty member in recreation. The research project or paper must be approved by one additional graduate faculty member.

In addition to the completion of the theory and research core in either the thesis or non-paper option, the student will select an additional 13-14 emphasis and elective hours. Students completing EPSY 506-4 will take a total of 13 credit hours of emphasis and electives, and students completing EPSY 402-3 will take a total of 14 credit hours of emphasis and electives. By utilizing electives, the student can focus on a specific option or emphasis. This emphasis may include recreation administration, focusing on skills necessary for management in the commercial and public sector including local, state, and federal recreation programs; outdoor recreation leadership and management which focuses on skills necessary to manage or administer programs, facilities and lands for a variety of outdoor recreation providers and organizations (this emphasis could lead to certifications); or therapeutic recreation which focuses on skills necessary in the management of therapeutic recreation (recreational therapy) programs in a variety of health care and human service organizations (this emphasis could lead to certification). Variations of these include campus recreation management, expedition leadership and facility management.

A student must have a minimum 3.0 (4.0 point scale) grade point average to be eligible to graduate.

**Master’s Degree in Recreation**

**Theory Core**

REC 500-3 Modern Concepts of Leisure

REC 501-3 Personnel in Leisure Services

REC 508-3 Trends and Global Issues in Leisure Services
Certificate in Gerontology
The Department of Health Education and Recreation participates in the Certificate in Gerontology interdisciplinary program and offers a class, HED 440 Health Issues in Aging, which is a Certificate requirement. For more information on the Certificate program, please see the section on Certificate Programs in Chapter One.

Courses (REC)

Courses in this major may require the purchase of supplemental materials. Field trips are required for certain courses.

401-3 Fundamentals of Environmental Education. (Same as Agriculture 401 and Forestry 401.) A survey course designed to help education majors develop an understanding of environmental education principles and teaching both inside and outside the classroom. Requires field trip transportation fee not to exceed $25 per course registration. Prerequisite: ten hours of biological science or ten hours of recreation and/or education, or consent of instructor.

423-3 Environmental Interpretation. (Same as Agriculture 423 and Forestry 423.) Principles and techniques of natural and cultural interpretation. Two hours lecture, three hours laboratory. Requires field trip transportation fee not to exceed $40 per course registration. Prerequisite: ten hours biological science or ten hours of recreation.

425-3 Planning and Design of Recreational Facilities. An examination of major design considerations for a variety of recreation facilities such as recreation centers, recreation sport complexes, parks, visitors centers, and natatoriums. Special attention will be given to long range facility planning. Prerequisite: REC 300, REC 301, REC 303. Restricted to senior or graduate standing.

426-3 Outdoor Adventure Land Based Pursuits. This course provides a combination of theoretical background and technical aspects of outdoor adventure based pursuits in a vertical environment and will emphasize hands-on skill development such as movement on rock, rope systems, anchors, rappelling and belaying, protection placement, and lead climbing philosophy. Taught biennially. Fee: $100.

427-3 Outdoor Adventure Water Based Pursuits. This course provides a combination of theoretical background and technical aspects of outdoor adventure based pursuits in a water environment and will emphasize hands-on skill development such as equipment nomenclature, strokes, rescues, and reading/recognizing water features. Taught biennially. Lab fee and field trips required. Fee: $100.

428-3 Outdoor Adventure Challenge Based Pursuits. This course provides a combination of theoretical background and technical aspects of outdoor adventure based pursuits in a challenge environment and will emphasize hands-on skill development – spotting/belaying, equipment management, program design/sequencing, facilitation strategies, and course design and maintenance. Taught biennially. Lab fee and field trips required. Fee: $100.

429-3 Planning, Logistics, & Risk Management in Outdoor Recreation. This course provides an experimental approach in addressing the planning, logistics, and risk management needed to design, implement, and prepare outdoor adventure based expeditions while managing actual risk, emotional risk and perceived risk through: risk assessment, utilization of management and instructional resources, and development and execution of emergency protocols. Taught biennially.

430-3 Outdoor Living Skills. Introduction to basic outdoor living skills in wilderness environments. Topics include basic camping skill, equipment and clothing selection and use, weather, health and sanitation, travel techniques, navigation, and decision making/problem solving. Utilizes the outdoor living core competency curriculum of the Wilderness Education Association. Trip fee not exceed $350. May only be repeated once.

431-3 Expedition Leadership. Course focuses on development and application of the Wilderness Education Association’s core competencies of leadership, risk management, education, planning and logistics, and environmental integration during an extended outdoor adventure. This course serves as the capstone in achieving the WEA’s Outdoor Leadership Certificate. Trip fee not to exceed $750. Prerequisite: Recreation 430. May be repeated once.

432-3 Environmental Issues and Ethics in Outdoor Recreation. This course will address the management and issues related to outdoor recreation and the importance of developing a land ethic that will ensure future use of outdoor resources. The history, background, and development of the recreation ecology movement will be addressed. Leave No Trace Center for Outdoor Ethics Master Educator offered with successful completion of course. Taught Biennially. Field trip and class fee required. Fee: $35.

433-3 Adventure Education. This course provides a practical and theoretical background of adventure education-specifically concepts like the use of challenge
and adventure in various situations, sequencing, utilizing peak experiences, leadership styles and development, debriefing, framing, and using metaphors will be addressed and applied. Field trips required. Taught Biennially.

**434-3 Wilderness First Responder.** This course addresses the practice of advanced medical techniques in a wilderness environment. The Wilderness First Responder is recognized as the industry standard for those who work in the backcountry or remote environments. Wilderness First Responder certification offered with successful completion. Course fee and field trips required. Fee: $30.

**440-15 (3,3,3,3,3) Therapeutic Recreation for Selected Populations.** Students will examine problems and characteristics of individuals with various disabilities. Emphasis is upon the role of therapeutic recreation with these specific populations in institutional and community settings: (a) therapeutic recreation for individuals with psychological disorders, (b) therapeutic recreation for individuals with developmental disabilities, (c) (same as GRON 440c) therapeutic recreation for the aged, (d) therapeutic recreation for those in the criminal justice system, (e) therapeutic recreation for individuals with physical disabilities and (f) therapeutic recreation in substance abuse treatment. Prerequisite: 300, 301, 302, 304 or consent.

**445-3 Outdoor Recreation Management.** Philosophy and principles underlying the growth and development of outdoor recreation management. Outdoor recreation is examined in terms of historical values, long range planning, site design, visitor needs and environment impact. A laboratory cost of up to $14 may be required. Prerequisite: REC 300, 302, 303 or consent.

**446-3 Backcountry and Wilderness Trail Stewardship.** This course provides a hands-on approach to aspects of volunteer trail stewardship in planning, implementing, and evaluating basic and advanced trail features and building projects. Rules, regulations, and potential hazards associated with working, traveling, and camping in the backcountry will be addressed. Students will be exposed to trail building tools and proper usage and care. Field trips required. Special approval needed from the instructor.

**460-3 Therapeutic Recreation Management.** Management of therapeutic recreation programs in healthcare systems and other related human service areas. This course will cover a variety of issues such as U.S. healthcare systems and settings, organizational planning, financial and personnel management, legal foundations, and advocacy and advancement of therapeutic recreation profession. Prerequisite: REC 300, REC 301, REC 302, REC 303, REC 304 or consent of department.

**461-3 Program Design and Evaluation for Therapeutic Recreation.** To equip the student with skills necessary to systematically design and evaluate programs. Philosophy and nature of systems, system analysis, assessment, individual treatment planning, implementation and evaluation of treatment programs. Prerequisite: REC 300, REC 301, REC 302, REC 303, REC 304, one section of REC 440, or consent of department.

**462-3 Facilitation Techniques in Therapeutic Recreation.** This course is designed to provide an understanding of the basic processes and techniques of therapeutic recreation and to develop technical competencies necessary for the provision of quality therapeutic recreation services. Emphasis is on the skillful application of various processes and techniques to facilitate therapeutic changes in the client and the client's environment. Prerequisite: REC 304 or concurrent enrollment.

**465-3 Advanced Administrative Techniques.** Designed to examine current administrative topics in recreation such as practices and trends in budget and finance, legal aspects, grant writing, personnel practices and policies and others. Prerequisite: REC 365, REC 380. Restricted to Recreation majors.

**475-3 to 39 Recreation Workshop.** Critical examination and analysis of innovative programs and practices in one of the following areas: (a) Budget and Finance, (b) Campus Recreation Services, (c) Commercial, (d) Maintenance of Areas and Facilities, (e) Outdoor Recreation. Field trip fee: $100 (f) Personnel, (g) Technological Advances, (h) Therapeutic Recreation—Aging, (i) Therapeutic Recreation—Developmental Disability, (j) Therapeutic Recreation—Emotional Illness, (k) Therapeutic Recreation—Physical Disability, (l) Therapeutic Recreation—Prisons and Detention Centers, (m) Tourism.

**485-2 to 12 Practicum in Outdoor Education.** A supervised experience in a professional setting. Emphasis on administrative, supervisory, teaching and program leadership in outdoor, conservation, or environmental education setting. Costs for travel are the responsibility of the student. Special approval needed from instructor.

**500-3 Modern Concepts of Leisure.** This course explores the meaning of leisure, recreation, and play from a philosophical and psychological perspective. The historical and contemporary relationships among work, time, lifestyles and leisure are analyzed. In addition, the course attempts to develop students' viewpoints toward these topics in order that they formulate a philosophy of leisure. Required of all majors.

**501-3 Personnel in Leisure Services.** This course will examine administrative issues regarding personnel in leisure delivery systems. Topics include: leadership theory, selection and training, legislation, collective bargaining, motivation, performance appraisal, power and gender.

**502-3 Revenue Production for Leisure Service Organizations.** An integrative view of revenue production for leisure service organizations. Numerous practices of generating income, such as fees and charges, facility rental, bonds, investments and public/private cooperative
development will be examined in relationship to their ability to aid an organization in achieving its stated objectives.

503-3 Managing and Marketing Leisure Services. An examination of the critical functions of a manager in public and private leisure service organizations. Particular topics include goal and policy development, ethics, risk management, fiscal management and facility operations. Special attention is given to the leisure service managers role in marketing recreation.

508-3 Trends and Global Issues in Leisure Services. This course will study the various issues and trends that affect leisure delivery systems. This course will be the culminating seminar for graduate students in Recreation. Prerequisite: REC 500, REC 501, REC 502, REC 550.

524-3 Professional Skills in Therapeutic Recreation. This course focuses on professional skills necessary at the administrative and supervisory level. Program and staff development, conference presentations, and in service training, grantsmanship, article writing, budgeting, consultation and public relations comprise the core of the course. Prerequisite: REC 304, REC 460 or consent of department.

525-3 Recreation for Special Populations. Planning, organizing, selecting, evaluating, and adapting activities to a variety of institutional and community settings. Prerequisite: REC 500 or consent of department.

526-3 Seminar in Current Issues in Therapeutic Recreation. This course focuses on current issues in therapeutic recreation services including credentialing, accreditation, professional associations, legislation, research and other relevant issues. Prerequisite: REC 304 or consent of department.

550-3 Research in Recreation. This course focuses on research concepts and methods (quantitative and qualitative). Students will complete critical analyses of significant research in recreation or therapeutic recreation, and will develop a tentative research proposal. Prerequisite: REC 500.

560-9 (3 per topic) Seminar in Recreation. Major issues, trends, and cultural, economic and social significance in (a) Park and community, (b) Therapeutic recreation and individuals with disabilities, and (c) Commercial recreation. Prerequisite: REC 500 or consent of department.

565-3 Environmental Issues in Outdoor Recreation. Seminar in environmental issues and problems that affect outdoor recreation. Content includes history of the environmental movement in relation to outdoor recreation and specific problems affecting recreation on national parks, forest and wildlife refuges.

575-3 Project in Recreation. Each student (or group of students) will complete a project. A project can be either a practice-based service product or an applied research study that does not require a thesis format. Examples of projects may include grant proposals, program development, curriculum development, landscape, manuals, Video/DVD productions, Web Page development, and organizing special events or fund raising. Special approval needed from the instructor. Prerequisite: consent of instructor.

580-1 to 6 Readings in Leisure and Recreation. Readings in selected topics in leisure and recreation under staff supervision. Not more than three hours may count toward Master's degree. Special approval needed from the instructor.

596-1 to 6 Field Work in Recreation. Field work in an approved recreation department. Field work is in the student’s field of interest. Supervision under approved agency officer in charge and a member of the department. Restricted to major in recreation. Special approval needed from the department.

599-3 Thesis. Selecting, investigating, and writing on a research topic under the personal supervision of a member of the department. Designed to help the student to develop ability to design, conduct, analyze, and interpret research related to recreation and therapeutic recreation. Special approval needed from the department.

601-1 per semester Continuing Enrollment. For those graduate students who have not finished their degree programs and who are in the process of working on their dissertation, thesis, or research paper. The student must have completed a minimum of 24 hours of dissertation research, or the minimum thesis, or research hours before being eligible to register for this course. Concurrent enrollment in any other course is not permitted. Graded S/U or DEF only.
