For all MCMA graduate programs, applicants must hold a bachelor’s degree from an accredited institution or have completed all undergraduate degree requirements prior to the beginning of the classes for the term for which admission is sought. Applicants may begin the admissions process when they need no more than 32 semester hours beyond the credit shown on their transcript at the time of application to complete all requirements for the bachelor’s degree.

Applications. All requirements for admission to the Graduate School at Southern Illinois University Carbondale must be met.

Applicants must submit completed application forms, transcripts of all undergraduate work, and a personal statement describing their objectives for study in the program to which they are applying, career goals and interests.

Applicants must arrange for three references to send letters of recommendation to the Associate Dean of Graduate Studies.

Students should contact the Associate Dean of Graduate Studies, College of Mass Communication and Media Arts, mail code 6606, Southern Illinois University Carbondale, Carbondale, IL 62901 to apply or to make other inquiries. This program requires a nonrefundable $50.00 application fee that must be submitted with the application for Admissions to Graduate Study in Mass Communication and Media Arts (MA, MS, MFA, Ph.D.). Applicants may pay this fee by credit card, personal check, cashier’s check, or money order made out to SIU, and payable to a U.S. Bank.

Retention. In addition to the retention policies of the SIUC Graduate School, each master’s degree student must maintain an overall grade point average of 3.0 (A = 4) and each Ph.D. student must maintain an overall grade point average of 3.25 (A = 4). Upon failing below this average, students will be allowed only one academic term (other than summer) to bring their average up to the minimum; failing this, they will be dropped from the program and will not be allowed to re-apply.

All MCMA graduate students will undergo an end-of-the-year faculty review of their progress toward their degree that includes course progress and/or creative or scholarly work. After the review, students will be notified of any deficiencies to be resolved, students failing to rectify those deficiencies by the end of the next semester (excluding summer) will be permanently suspended from the MCMA graduate program.

All MCMA graduate students who have completed their course work and the minimum number of credits required for projects, thesis or dissertation must enroll in MCMA 601, Continuing Research Enrollment, each semester until the completion of their degree programs. Exceptions to the continuing enrollment rule are allowed only for students who are required to be away from SIUC full-time by the United States or the State of Illinois government.

Master of Arts Degree

Media Theory and Research.

This degree offers a broad overview of mass communication and media arts and their processes and effects in the larger social system. Graduates gain both an appreciation of the field’s strengths and an understanding of its obstacles in being a force for social development. Areas in which this specialty is used include department-level leadership in the mass media industries, opinion research, commentary, critical theory, content analysis, and teaching. The degree may lead to doctoral studies.

Admission. Students whose preparation is lacking in certain areas may be required to take undergraduate courses that will not be counted towards the M.A. degree.

International Students must have a TOEFL of at least 600 (paper score), 250 (computer score), or 100 (internet score). All applicants must take the Graduate Record Examination (GRE). Generally applicants must have a grade point average of at least 3.0 (A =4) for their last two years of undergraduate work. Other factors will also be considered including professional and academic accomplishments, examples of professional work, awards and honors, graduate examination scores or evidence of scholarship such as research papers.

Retention. No course in which the grade is below “C” shall count toward the degree or fulfillment of any requirement, but the grade will be included in the grade point average. No more than 3 hours of “C” work in graduate courses will count toward the degree. The College of Mass Communication and Media Arts allows a maximum of three years from date of enrolling in the master’s degree to completion of degree.
Curriculum. Candidates must complete a minimum of 33 credits including a minimum of 15 credits of core requirements, 12 credits in an emphasis area, and a 3-credit thesis.

Core
MCMA 500-3  Mass Media as Social Institutions
MCMA 504-3  Foundations of Mass Communication Theory
MCMA 506-3  Law and Policy of Mass Communication
MCMA 532-3  Quantitative Research Methods in Mass Communication
MCMA 592-3  Master’s Seminar

Research Tools Course (minimum of 3 credits):
A minimum of one course selected in consultation with the faculty advisor.

Emphasis Area
A minimum of four courses (12 credits) selected in consultation with the faculty advisor to include at least 2 courses from outside of the college and 1 course from within. Possible emphasis areas include, but are not limited to, advertising/persuasion, film and criticism, interactive multimedia, international communication, law and policy, media economics, media effects, media history, political communication, public relations, social issues, and telecommunications.

Thesis
MCMA 599-3  Thesis

M.A./M.B.A. Concurrent Degree Program
Separately the M.B.A. degree requires completion of 33 semester hours of course work; the M.A. in mass communication and media arts requires 32 semester hours of course work. In the concurrent M.A./M.B.A. degree program, the College of Business and Administration accepts 6 semester hours of MCMA-approved core course work, and MCMA accepts 6 hours of COBA-approved course work. The end result is that the concurrent degree program entails completion of 27 semester hours of COBA-approved courses and 26 semester hours of MCMA-approved courses, for a total of 53 hours. This is a saving of 12 semester hours over pursuing both degrees separately outside of the M.A. in mass communication and media arts/M.B.A. concurrent degree program.

Master of Science Degree
The M.S. in Professional Media and Media Management Studies provides students with a practical background in applied research and critique of the communications industries and trains students with varied professional interests to establish careers in communications industries. More specifically, this program aims to train intelligent, self-aware, flexible graduates who will go on to become leaders in the communications industries. The core curriculum is designed to expose students to a broad foundation in media studies. In consultation with their faculty advisor, students also select an emphasis area in which in-depth exploration of one facet of professional media management, studies, practice or technology is explored. Students finish their program of study with a Research Report, which may be accompanied by a project, on a topic of their choosing from within their emphasis area. The College of Mass Communication and Media Arts allows a maximum of three years from date of enrolling in the M.S. program for completion of the M.S. degree.

Program Admission. All requirements for admission to the Graduate School at Southern Illinois University Carbondale must be met. Applicants must submit the Application for Admission to Graduate Study forms, certified transcripts of all post-secondary studies, as well as three letters of recommendation from individuals who can evaluate potential for graduate studies. Applicants must also submit a resume outlining educational and professional experience, as well as a personal statement describing their objectives for study in the program, career goals and interests. Applicants should include an example of work that demonstrates their competency, preferably professional work, although prior academic work is acceptable. Work samples might be in the form of print articles, video or audio tapes, DVDs, URLs or CDs. Applicants must clearly indicate their role(s) in any project submitted. Generally, applicants must have a grade point average of at least 3.0 (4.0=A) for their last two years of undergraduate work. International students whose native or first language is not English, or those with fewer than 100 graded semester hours of college credit at a U.S. college or university, must take the TOEFL and score at least 600 (paper score), 250 (computer score), or 100 (internet score) to be admitted. Students whose preparation is deemed lacking in certain areas may be required to take undergraduate courses to attain competency. These will not be counted toward the M.S. degree

Curriculum. Candidates must complete a minimum of 30 credits including 6 hours of core requirements, 21 credits in an emphasis area and a 3-credit Research Report.

Core (6 Credits)
MCMA 500-3  Mass Media as Social Institutions
MCMA 592-3  Master’s Seminar

Emphasis Area (21 Credits)
A minimum of seven courses selected in consultation with the faculty adviser. No more than 6 credits can be at the 400 level. Topics of study include media management, strategic advertising communication, digital documentary production, public policy reporting, and new media production.

Research Report (3 credits)
MCMA 589-3  Report/Project
Master of Fine Arts Degree

The Master of Fine Arts degree provides substantial advanced study for a small number of highly talented individuals. The program emphasizes the artistic development of the individual student and the creation of quality artistic works in photography, film, video, sound, new media, and interdisciplinary media. Degree requirements are 60 semester hours, including 51 hours at the 500-level. The program generally takes three years to complete.

While mastery of craft within Media Arts is a vital component of the MFA, the philosophy is that graduate study should expand the student's breadth as an artist and encourage interdisciplinary study. Available course work in production, criticism, theory, history, and combined media studies emphasizes the interwoven character of traditional and contemporary approaches and technologies in the 21st century.

Additional course work can be pursued through the School of Art and Design, the School of Music, and the Departments of Theater, English, Anthropology, Speech Communication, etc. A distinguished faculty of artists and scholars, excellent facilities, and a variety of curricular offerings allow students to individually tailor their programs of study.

Admission. All requirements for admission to the Graduate School at Southern Illinois University Carbondale must be met. Applicants must submit the Application for Admission to Graduate Study forms, certified transcripts of all post-secondary studies as well as three letters of recommendation from individuals who can evaluate their potential for graduate studies. Applicants must also submit a resume outlining educational and professional experience, as well as a personal statement describing their objectives for study in the program, career goals and interests.

Prospective students must present evidence of exceptional talent and/or potential in one or two media pursuits in the degree program. Applicants should include an example of work that demonstrates their competency. This evidence will ordinarily consist of a portfolio of photographs or digitally generated art works, one or more films, videos, sound works, multimedia productions, web art projects, or other evidence of artistic potential. Applicants must clearly indicate their role(s) in any project submitted. An interview with faculty in the program is highly recommended, particularly for applicants with minimal course work in the field.

Acceptance into the program and continuing enrollment are at the discretion of the College of Mass Communication and Media Arts and the Graduate School. Generally, applicants must have a grade point average of at least 3.0 (4.0=A) for their last two years of undergraduate work. International students whose native or first language is not English, or those with fewer than 100 graded semester hours of college credit at a U.S. college or university, must take the TOEFL and score at least 600 (paper score), 250 (computer score) or 100 (internet score) to be admitted. Students whose preparation is deemed lacking in certain areas may be required to take undergraduate courses to attain competency. These will not be counted toward the MFA degree.

Retention. At the end of the first year in residence, each MFA student will undergo a review by a committee of faculty. Possible outcomes of this review are Pass, Conditional Pass, and Fail. Failure of this review will result in termination from the program. Students who receive a Conditional Pass in this review will be reviewed again during their next semester. The possible outcomes of this second review are Pass and Fail. Failure of this second review will result in termination from the program.

Procedures. By the end of the third semester in residence, each M.F.A. student will be required to select, in consultation with the Associate Dean of Graduate Studies, a committee chair and a committee of two additional graduate faculty members. The faculty committee and the student develop a specific plan of study, considering the requirements of the Graduate School, the degree program, and the goals of the student.

The MFA degree culminates in an intensive Creative Thesis that must be publicly presented. The exact nature of the project and presentation will be determined in consultation between the student and the committee. The committee chair supervises the Thesis. An oral examination by the faculty committee will take place in conjunction with the public presentation of the Thesis and will focus on an evaluation of the project. The MFA electronic Thesis document consists of a formal paper describing the Creative Thesis, its historical precedents, contemporary context, and theoretical underpinnings with embedded media files that document the public exhibition/screening. It must be filed with the SIUC Graduate School. The University reserves the right to retain a portfolio or samples of each student's work.

Curriculum. The minimum 60 credit degree requires 27 credits of common requirements constituting a core, 27 credits of electives, and a 6 credit thesis.

Electives (27 credits)
Select 27 credits from either inside or outside of the college. No more than 9 credits can be taken at the 400-level and no more than 15 hours of MFA Projects (3,3,3,3,3) can be taken. MFA Projects cannot be repeated with the same professor.

Doctor of Philosophy Degree
The Ph.D. degree program engages students in an interdisciplinary study of global media communication. Concepts and methods drawn from various research traditions in the field are compared and contrasted, while specialization in particular areas and approaches is open to students.

Admission. Students applying for doctoral study must have a master’s degree and a graduate GPA of at least 3.25. International students must have a TOEFL score of at least 600 (paper score), 250 (computer score), or 100 (internet score). All applicants must submit currently valid Graduate Record Examination (GRE) scores. Other factors will also be considered including professional and academic accomplishments, examples of professional work, awards and honors, evidence of scholarship such as research papers and published articles, and prior full-time teaching in the mass communication and media arts area. A visit to SIUC and interview with faculty is recommended.

Students whose preparation is lacking in certain areas may be required to take undergraduate courses that will not be counted towards the Ph.D. degree.

An accelerated entry option to the Ph.D. program is offered in exceptional cases to students who have been admitted to the M.A. program. To be eligible, the student must: 1) possess a master’s degree; 2) have qualified for admission to the MCMA Ph.D. program initially; 3) complete at least nine hours but no more than 18 hours in the M.A. degree; 4) have a minimum 3.25 GPA in the M.A. program with no incomplete or deferred grades. The student may petition the associate dean of Graduate Studies for the accelerated entry option during the semester in which the student will begin taking the 9th hour of graduate courses, but must petition before earning the 18th hour of course work in the M.A. program. If approved, the student is enrolled in the Ph.D. program the next semester. Up to 18 graduate credits earned in the M.A. program will count toward the Ph.D. degree if the accelerated entry option is approved by the MCMA Graduate Committee. Once the student is admitted to the Ph.D. program, all requirements of the Ph.D. program apply. Exceptions to any of these rules must be appealed to the MCMA Graduate Committee, which has final authority to approve or reject the petition.

Retention. No course in which the grade is below “C” shall count toward the degree nor fulfillment of any requirement, but the grade will be included in the grade point average. No more than 3 hours of “C” work in graduate courses will count toward the degree.
Courses (CP)

404-3 **Lighting for Photography.** Basic concepts and essential principles of lighting technique will be thoroughly explained and investigated. Fundamental challenges in lighting arrangements and aesthetic considerations of both studio and location applications will be explored. Students will use a required text and provide photographic materials. Prerequisite: CP 330 with grade C or better or concurrent enrollment. Special approval needed from the department. Lab fee: $35.

415-3 **Photographic Criticism and Practice.** Introduction to photographic, criticism and its application in photographic practice. Through readings, writings and practical experiences, students will gain a broad-based knowledge of critical approaches to the photographic image. Prerequisite: CP 210 and 260 both with grades of C or better. Screening fee: $30.

421-6 (3,3) **Experimental Photographic Techniques.** Experimental approaches to the creation of photographic images. Specific course content may include experimental techniques utilizing the camera, the darkroom and a wide range of additional media. Students provide materials and may purchase texts. Prerequisite: CP 332 with grade C or better. Special approval needed from the department. Lab fee: $35.

431-3 **Applied Photography I.** An introduction to professional photographic camera and lighting technique, applied theory and business responsibilities. Students will explore a range of commercial, editorial, industrial and fine art topics that will include architecture, portrait, product and fashion. Self-promotional elements: Web portfolios, publications of all types and gallery exhibitions will be introduced. Prerequisite: CP 330 with grade C or better or consent of the department. Lab fee: $35.

432-3 **Applied Photography II.** A second advanced phase of applied photographic investigation based on the introduction outlined in CP 431. Students pursue their selected area(s) of photographic specialization and create a complete portfolio. Students will receive critical feedback from professionals during off-campus trips to photographic facilities in St. Louis and Chicago. Prerequisite: CP 431 with grade C or better. Laboratory fee: $35.

436-(3,3) **Documentary Photography.** Exploration of the techniques, history and contemporary context of documentary photography. Each student will produce an in-depth documentary photographic project. 436 may be organized as a general documentary course or have a unifying topic. Example topics include: small town, politics or the environment. Print and electronic distribution of projects will be discussed. Prerequisite: CP 330 with grade C or better or consent of the department. Lab fee: $35.

440-3 **New Media Production.** The Internet is revolutionizing the way the world communicates. Students will investigate how the Internet works, as well as explore relationships among design, technology, and user experience while developing web sites, information architectures, interface behaviors, and navigation systems. Topics include: XHTML/CSS, Javascript, open source software, as well as incorporating sound, video, and images into web pages. Prerequisite: CP 260, or instructor approval. Equipment Fee: $60.

450-3 **Narrative Film Production.** Narrative filmmaking, by individuals or groups, from pre-production to completion of filming, ready for post-production. Study/practice all facets of pre-production/production phases. Techniques of synchronous sound filming. Prior completion of CP 475 required for projects in HD video. Access provided to 16mm and HD cameras and lighting and sound recording equipment. Students are responsible for purchase of all materials and outside services. Prerequisite: CP 260, 276 with grade C or better and pass portfolio review. Equipment Use Fee: $60.
452-3 Screenwriting. A study of screenplay structure for feature-length, classically-structured scripts. Includes treatments, scene-by-scene outlines, character development, and script formatting. Students are required to create original script material. Prerequisite: CP 451 with C or better. Screening fee: $30.

453-3 to 6 Experimental Production. An introductory course aimed at students who wish to explore and expand the artistic and creative possibilities of their work. Students will engage in exercises that focus on developing conceptual creativity as well as technical skill. May be repeated as topics differ. Sample topics include: Optical Printing, Handmade Film, Collage, Digital Compositing, Experimental Animation. Prerequisite: CP 353 with grade C or better or consent of instructor. Equipment usage fee: $60.

454-3 Animated Film Production. Practical course for visual expression exploring various 2-D animation techniques such as developmental, filmographic, rear lit, cut out, line, cell, etc. Students purchase texts, art supplies, film materials and processing. Prerequisite: CP 276 with C or better or consent of department. Equipment usage fee: $30.

457-3 Documentary Production. This course will provide conceptual and hands-on experience for researching, writing and producing documentary video. This course will emphasize conceptual processes from invention of the documentary idea to post-production. Students will apply contemporary methods of criticism to the production process with particular emphasis on revision and audience. Prerequisite: CP 357 with C or better. Equipment usage fee: $60.

460-3 to 6 (3,3) Survey of Film History. Intensive study of particular periods of cinema history, including technological developments, national and international movements, aesthetic traditions, economic and political determinations and concerns of film historiography. May be taken twice if topic differs. Students purchase texts. Prerequisite: CP 260 with C or better. Screening fee: $30. CP 260 with C or better or consent of department.

466-3 to 6 (3,3) Film Styles and Genres. Intensive study of a specific body of films grouped by similarities in style, genre, period or cultural origin. Emphasis is on historical, theoretical and critical issues. Topics vary. Sample topics: Science Fiction Film; Film Noir; French New Wave; Third World Cinema; Surrealism in Film. May be taken twice if topic differs. Students purchase texts. Prerequisite: CP 260 with C or better or consent of instructor. Screening fee: $30.

467-3 to 6 (3,3) Film Authors. Intensive study of the work of one or more film authors (directors, screenwriters, etc.). Emphasis is on historical, theoretical and critical issues. Topics vary. Sample topics: the films of Alfred Hitchcock, the films of Jean Renoir; the films of Andrei Tarkovsky. May be taken twice if topic differs. Students purchase texts. Prerequisite: CP 260 with C or better or consent of instructor. Screening fee: $30.

469-3 Queer Visual Culture (Same as WGSS 440). Course discusses aspects of the aesthetics, history, theory, and politics of media representations of gender and sexuality. Cultural texts from one or a combination of media forms, genres, historical periods, and platforms, will inform the historical and theoretical consideration of media representations of gender and sexual variation with a special interest on their bearings upon the present moment. May be repeated, if topics vary.

470A-3 to 12 (3,3,3,3) Advanced Topics Cinema Studies. An advanced topics course in cinema studies: history, theory, and criticism. Sample topics: visualizing the body, feminist film theory, surveillance and the cinema. May be repeated, if topics differ. No more than twelve (12) credit hours combined from 470 Advanced Topics courses counted in the undergraduate Cinema and Photography degree. Prerequisite: CP 260 with C or better or consent of instructor. Screening fee: $30.

470B-3 to 12 (3,3,3,3) Advanced Topics Film Production. An advanced topics course in film production. Sample topics: location lighting, production management, and film sound workshop. May be repeated, if topics differ. No more than twelve (12) credit hours combined from 470 Advanced Topics courses counted in the undergraduate Cinema and Photography degree. Prerequisite: CP 260 with C or better or consent of department. Screening fee: $60.

470C-3 to 12 (3,3,3,3) Advanced Topics Photography. A photography production course with specialty topics which may include: narrative tableau, meta-photography, large format, etc. May be repeated, if topics differ. No more than 12 credit hours combined from 470 Advanced Topics courses counted in the first 33 credits of the Photography Specialization in the CP major. No more than 6 credit hrs of 470 Adv. topics courses counted for graduate credit. Prerequisite: CP 332 with grade C or better or consent of department. Lab fee: $35.

485-3 Digital Post Production. Students will examine all aspects of the postproduction process. The course combines editing theory and practice with critiquing professional programs and practical editing exercises. Laboratory fee: $55. Prerequisite: 365.

486-3 Broadcast Advertising Production. Projects combine expertise in teams to script, produce, edit and present broadcast commercials. Prerequisite: RT 365A. Lab fee: $55.

487-3 3D Animation I: Modeling. In this course, students will gain a solid foundation in creating 3D computer graphics using industry standard computer software and hardware. Through analysis and practice, students will develop an understanding of the principles of 3D modeling, lighting, texturing and rendering. Conceptual design and professional practices will also be addressed. Skills learned in this course will prepare students for the 3D Animation II class. Lab Fee: $55.

488-3 3D Animation II: Animation & Visual EFX. This intermediate course builds upon the skills learned in the 3D Animation I course, and will focus on narrative development, motion design and creating visual effects in 3D scenes using industry standard practices. Topics include key frame animation, inverse kinematics, and visual effects using dynamics. A term project utilizes the creative and technical skills explored in class. Prerequisite: RT 487 (3D Animation I). Lab Fee: $55.

489-2 to 9 Electronic Media Workshop. Advanced work in various areas of electronic media, such as Gender and Media, Children and Media, Blaxploitation, Television in the US. Special approval needed from the instructor. Lab fee: $55.

490-3 3D Animation III: Production Studio. This advanced course builds upon the skills mastered in the 3D Animation I and II courses. Students walk through the 3D animation production cycle to produce a high-quality 3D animation suitable for portfolio exhibition. Class critiques and project analyses are used to direct students through the production process. This course advances students' knowledge of industry-standard 3D modeling, animation, visual effects and rendering practices. Prerequisites: RT487, or RT 488, or MCMA 497. Lab Fee: $55.

496-3 Sound and Moving Image. This course examines in detail the relationship of sound and moving images. It traces intertwined histories, revealing important collaborations and technological developments that set precedents for both film and video. While the primary focus of this course is the artistic creation of soundtracks, we will also explore musical scoring and orchestration as utilized by film and television composers. Students will learn about and create sound designs, Foley sound and mix to picture sessions. Prerequisite: consent of instructor. Lab fee: $55.
