Accountancy

COLLEGE OF BUSINESS

Graduate Faculty

Wu, Fred, Emeritus, University of Iowa, 1962; 1966.

Applicants for admission to the program are required to:

1. Complete all requirements for admission to graduate study as specified by the Graduate School.

2. Complete the Graduate Management Admissions Test (GMAT). Information regarding the GMAT is available through: Graduate Management Admission Test, Educational Testing Service, Box 966, Princeton, NJ 08540. The GMAT requirement is waived for students with an undergraduate major in accountancy from a 4-year undergraduate AACSB accredited institution having an overall grade point average of 3.3 (on a 4.0 scale).

The results of the test must be mailed directly to the director of the M.Acc. Program.

This program requires a nonrefundable $50.00 application fee that must be submitted with the application for Admissions to Graduate Study in Accountancy. Applicants must pay this fee by credit card.

Admission to the program is based on a composite of 1) undergraduate grade point average times 200, and 2) GMAT overall score. These two factors are added together to arrive at a composite score. A composite score of 1100 is required to be admitted into the program. For example, an undergraduate grade point average of 3.2 with a GMAT of 550 would yield a composite score of 1190.

Students whose native language is not English will be required to obtain an acceptable score on the Test of English as a Foreign Language (TOEFL) examination before being admitted to the Master of Accountancy degree program.

Differential Tuition and Technology Fee

Starting Fall 2008, the College of Business has implemented a differential tuition surcharge of 15% of applicable tuition for new College of Business majors. The differential tuition surcharge will be assessed at the in-state tuition rate and will be capped at 15 credit hours per semester. If students are charged the differential tuition surcharge, the technology fee (see item below) will not be assessed.

The College of Business assesses College of Business majors a technology fee of $6.00 per credit hour for Fall and Spring semesters up to twelve semester hours and Summer up to six semester hours. The technology fee is being phased out and will be subsumed under the differential tuition surcharge (see item 16 below). Consequently, students will be charged either the technology fee or the differential tuition surcharge but not both.

Degree Requirements

The Master of Accountancy degree program includes two concentrations from which to choose: 1. Taxation, and 2. Audit/Information Systems. Degree requirements are dependent upon the specialization chosen.

Taxation Concentration:

Accountancy Studies (6 hours)

Two (2) of the following seven (7) courses must be completed:

- ACCT 521 (3) Emerging Issues in Accountancy
- ACCT 532 (3) Advanced Managerial Accounting
- ACCT 562 (3) Internal Auditing
- ACCT 563 (3) Advanced Auditing
- ACCT 567 (3) Fraud Examination
- ACCT 571 (3) Governmental Accounting
- BA 514 (3) Ethics of Business

Taxation Studies (18 hours)

Six (6) of the following eight (8) courses must be completed:

- ACCT 541 (3) Federal Income Tax Concepts
ACCT 542 (3)  Tax Research and Procedure
ACCT 543 (3)  Corporate Taxation
ACCT 544 (3)  Partnership Taxation
ACCT 545 (3)  State and Local Taxation
ACCT 546 (3)  Estate and Gift Tax
ACCT 547 (3)  Tax Accounting Principles
ACCT 548 (3)  International and Interstate Taxation

**General Electives (6 hours)**

Two (2) electives (selected in conjunction with the Director of the Master of Accountancy Program) must be completed.

**Auditing & Accounting Information Systems Concentration:**

**Accountancy Studies (6 hours)**

Two (2) of the following five (5) courses must be completed:

- ACCT 521 (3) Emerging Issues in Accountancy
- ACCT 522 (3) Advanced Managerial Accounting
- ACCT 533 (3) Corporate Taxation
- ACCT 534 (3) Governmental Accounting
- BA 514 (3) Ethics of Business

**Auditing & Accounting Information Systems Studies (18 hours)**

Six (6) of the following nine (9) courses must be completed:

- ACCT 560 (3) Information Technology Auditing
- ACCT 562 (3) Internal Auditing
- ACCT 563 (3) Advanced Auditing
- ACCT 567 (3) Fraud Examination
- ACCT 565 (3) Advanced Accounting Information Systems
- ACCT 566 (3) Accounting Research
- BA 560 (3) Management of Info Systems
- BA 562 (3) Info Systems and Design

**General Electives (6 hours)**

Two (2) electives (selected in conjunction with the Director of the Master of Accountancy Program) must be completed.

**Foundation Requirements**

A student who does not have an undergraduate business degree will be required to complete the following (or equivalent):

- ACCT 220  Accounting I
- ACCT 230  Accounting II
- FIN 270, or FIN 280
- & FIN 380  The Legal and Social Environment of Business (FIN 270); Business Law I (FIN 280);
- MGMT 304  Introduction to Management
- FIN 330  Introduction to Finance
- MKTG 304  Marketing Management

A student not having an accountancy degree will be required to complete the following (required to be completed prior to enrollment in any graduate course for which the course is a prerequisite):

- ACCT 321  Intermediate Accounting I
- ACCT 322  Intermediate Accounting II
- ACCT 331  Cost Accounting
- ACCT 360  Accounting Information Systems
- ACCT 341  Federal Income Taxation

ACCT 460  Auditing

**Note:** The student may request that undergraduate courses taken at universities other than Southern Illinois University (SIU), or that other undergraduate courses taken at SIU be evaluated as possible substitutes that would meet the above requirements.

The full-time student who qualifies for the minimum program in terms of course work requirements normally may expect to complete the Master of Accountancy degree in one calendar year (two semesters and one summer session).

In order to meet the graduate requirements, the students must obtain a 3.0 grade point average (4.0 = A) and obtain a B or better in eighty percent of all graduate level courses taken after admission to the M.Acc. program.

**Concurrent J.D. and M.Acc. Program**

A student who has been admitted separately to the School of Law and to the M.Acc. program may apply for permission to study concurrently for both the Juris Doctor and Master of Accountancy degrees. This permission must be requested from both the School of Law and the School of Accountancy, ordinarily prior to entry into the second year curriculum of the School of Law.

During the first academic year of concurrent work on the two degrees, the student enrolls only in the first-year law curriculum. In any subsequent academic term, the student may enroll for courses either in the School of Law or in the Master of Accountancy program. A student registered for both law and graduate courses in the same term must enroll for a minimum of 10 hours in law, and 12 semester hours in total, in order to meet A.B.A. residence requirements and the academic requirements of the School of Law.

Completion of the concurrent program requires that the student successfully complete 81 semester hours of law courses and 30 semester hours of courses that meet M.Acc. requirements. Up to 9 semester hours of the 30 may be School of Law courses which are also part of the 81 hours required for the Juris Doctor degree. School of Law courses counting for graduate credit toward the Master of Accountancy degree must be approved by the director of the Master of Accountancy program. Further, no more than 6 of the 30 semester credit hours may be taken in courses at the 400 level for graduate credit.

**Double Major Policy**

Any graduate student wishing to pursue a double major for a master’s degree that includes business administration must satisfy the following requirements in addition to any requirements stated in the Graduate Catalog.

- The individual must satisfy all requirements for admission to the relevant master’s program in business (M.B.A. or M.Acc.).
- The individual must satisfy all foundation requirements of the relevant master’s program in business.
- The individual must complete all core classes, secondary core (M.Acc.) courses, and elective course requirements for the relevant master’s program in business.
- No more than six hours of coursework outside the College of Business and Administration may be counted toward elective requirements in the relevant master’s program in business.
Courses (ACCT)

411-3 Enterprise Networks and Communication. (Same as Management 411) Application of data communications and network technologies for improving business. Coverage includes, but is not limited to: introduction to the principles of data transmission technology, various communication architectures and protocols, basic networks design principles, internet and intranet technologies, data security issues and elements of network management. Prerequisite: C or better in MGMT 345.

421-3 Advanced Accounting. Accounting principles and procedures relating to specialized topics, including partnership equity, installment and consignment sales, fiduciaries, international operations, branches, and business combinations. Prerequisite: a grade of C or better in ACCT 322. Restrictions: Accounting majors or minors, junior standing or higher. Course material fee: $100.

431-3 Advanced Cost Accounting. Managerial decision making; profit planning and control through relevant costing, return on investment and transfer pricing, determination of cost behavior patterns, analysis of variances, capital budgeting, inventory models, probabilities, statistical methods, and operations research. Prerequisite: ACCT 331 with grade of C or better. Restrictions: Accounting majors or minors, junior standing or higher.

441-3 Advanced Tax. Study of income tax problems which arise from sole proprietorship, partnership, limited liability company, corporation, estate, and trust. Student does research in source materials in arriving at solutions of complicated problems. Prerequisite: ACCT 341 with grade of C or better. Restrictions: Accounting majors or minors, junior standing or higher.

460-3 Auditing. Provides an overview of processes for planning and executing a risk-based audit; explains the procedures auditors use to evaluate internal controls; describes the tests auditors conduct to substantiate financial statement accounts. Prerequisites: a grade of C or better in 322. Restrictions: junior standing and limited to accounting majors, minors, and those with consent of school. Course material fee: $133.

465-3 Internal Auditing. The course covers internal audit from a broad perspective to include information technology, business processes, and accounting systems. Topics include internal auditing standards, risk assessment, governance, ethics, audit technique, and emerging issues. It covers the design of business processes and the implementation of key control concepts and will use a case study approach that addresses tactical, strategic, systems, and operational areas. Restrictions: Accounting majors or minors.

468-3 Forensic Accounting. Coverage of forensic accounting processes and tools used in the detection and prevention of fraud against the company. Topics include skimming, cash larceny, check tampering, billing schemes and others. An emphasis of the course will be upon the use of computer aids. Restrictions: Accounting majors or minors.

512A-F-3 to 15 (3 per topic) Accounting Research Methods Seminar-Theoretical Frameworks. Describes and explains methods for examining research questions about professional judgment in accounting. Sections include (a) Theoretical Frameworks, (b) Research design, (c) Interpreting data, (d) Alternative Research Methods, and (e) Special topics. May be repeated for credit but sections (a) through (d) can be taken only once.

514-3 Ethics of Business. (Same as BA 514) Philosophical implications of contemporary issues in business ethics. Restricted to enrollment in M.Acc or consent of department.

521-3 Emerging Issues in Accountancy. Identifies developing areas in financial accounting and forces students to research the issues, to think critically, evaluate alternatives and communicate conclusions in oral and written form. International accounting, not-for-profit, standard setting and regulation, and other developing issues are addressed. The Journal of Accountancy, other professional journals, and guest speakers. Prerequisite: ACCT 321, ACCT 322.

532-3 Advanced Management Accounting. Management planning and control decisions and design and evaluation of management accounting systems requiring formal models and application of rigorous analytic reasoning. Integration and synthesis of techniques such as regression analysis, linear programming, decision theory and behavioral science for important decisions of the form. Information economics. Contemporary research directories. Restrictions: enrollment in M.Acc or M.B.A. program.

541-3 Tax Concepts. Provides the student with an understanding of the nature of the federal tax law and an appreciation of the law’s impact on business decisions both for individuals and companies. Prerequisite: ACCT 441 with C or better.

542-3 Tax Research and Procedure. Provides the student with a working knowledge of the tax practitioner’s methodology applied to the solution of both routine and complex tax problems. Prerequisite: 441 with C or better.

543-3 Corporate Taxation. (Same as LAW 514) Provides students with in-depth exposure to federal income taxation of corporations and shareholders. Areas explored are corporate formations, distributions, liquidations, corporate income tax, accumulated earnings tax, personal holding company tax and affiliated corporations. Prerequisite: ACCT 441 with C or better.

544-3 Partnership Taxation. (Same as LAW 515) Provides students with in-depth exposure to the federal income taxation of partnerships, partners and related LLCs and owners. Areas explored are the definition of a partnership, acquisition of an interest, basis of interest, tax accounting for partnership, subchapter S or LLC operation, distributions, termination, sale or exchange of interest, collapsible partnerships, death or retirement and tax shelters. Prerequisite: ACCT 441 with C or better.

545-3 State and Local Taxation. This course will focus on the legislative and judicial evolution of the present tax systems. Basic concepts of state and local taxation, such as jurisdiction, commerce clause restrictions, uniformity, apportionment and taxation of e-commerce, will be examined. One of the primary objectives of this class is to ensure that students are familiar with the myriad of U.S. Supreme Court decisions delineating the taxing authority of state and local government entities in relation to the commerce, due process, equal protection and supremacy clauses of the U.S. Constitution. Students will also learn to interpret and analyze complex court decisions. Restrictions: enrollment in the M.Acc or M.B.A. program.

546-3 Estate and Gift Taxation. Provide basic principles of federal estate and gift taxation. Prerequisite: ACCT 441 with C or better.

547-3 Tax Accounting Principles. Provides linkage of account-
ing skills with tax knowledge through identification of significant differences between tax and financial accounting and selection of tax accounting principles having a significant impact on cash flows. Tax accounting problems for industrial, wholesale and retail companies. Prerequisite: ACCT 441 with C or better.

548-3 International and Interstate Taxation. Examination of tax issues when taxable events or transactions cross international or state borders. Use of transfer pricing for international taxation purposes. Specific international taxation problems of foreign persons, U.S. citizens living abroad, U.S. shareholders of foreign corporations and problems related to multinational corporations. Also will examine issues of nexus and other principles guiding state taxation of persons and businesses involved in interstate commerce. Prerequisite: ACCT 441 with C or better.

560-3 Information Technology Risk and Controls. Explains how organizations govern their investment in IT through strategic alignment, risk assessment, and performance measurement. Describes processes for evaluating and monitoring the effectiveness of IT general controls related to processing operations, system security, and change management. Prerequisite: ACCT 360. Restriction: enrollment as a graduate student.

562-3 Advanced Internal Auditing. The course covers internal audit from a broad perspective to include information technology, business processes, and accounting systems. Topics include internal auditing standards, risk assessment, governance, ethics, audit technique, and emerging issues. It covers the design of business processes and the implementation of key control concepts and will use a case study approach that addresses tactical, strategic, systems, and operational areas. Restrictions: Accounting majors or minors.

563-3 Advanced Auditing. Explains how auditors evaluate business risk, fraud risk, inherent risk, and control risk to assess the risk of misstatement in accounts while planning an audit engagement. Examines analytical procedures, the code of professional conduct, auditor reporting requirements, and auditor legal liability. Prerequisite: ACCT 460. Restriction: enrollment as a graduate student. Course material fee: $120.

564-3 Enterprise Systems. Enterprise Systems (ERP systems) and technologies have become prevalent in many companies. This course will examine the technical overview of Enterprise Systems and their impact on organizations. The concepts, fundamentals and framework of the advanced systems will be explored to better understand the integration of Enterprise Systems in an organization. A better understanding of Enterprise Systems and its affect on an organization will be gained. Restriction: enrollment in the M.Acc. or M.B.A. programs.

565-3 Advanced Accounting Information Systems. Advanced study in the systems that are used in companies especially database. Students will not be successful as auditors or internal accountants without database skills. The course would include advanced design issues, advanced query and data analysis skills (for internal and external purposes), db controls, db technology, etc. Prerequisite: ACCT 360.

566-3 Accounting Research. This course will provide research skills that are critical in Accounting. Students will identify a research topic, develop the research questions, conduct the research, and prepare a research document. The student will be exposed to how research is conducted and will develop the necessary skills to perform accounting research.

567-3 Fraud Examination. Fraud examination will cover the principles and methodology of fraud detection and deterrence. The course includes such topics as skimming, cash larceny, check tampering, register disbursement schemes, billing schemes, payroll and expense reimbursement schemes, non-cash misappropriations, corruption, accounting principles and fraud, fraudulent financial statements, and interviewing witnesses. Course material fee: $67.

569-3 Seminar - Selected Audit/Systems Topics. Provides students with in-depth exposure to audit and/or accounting systems as it relates to selected topics. Topics will vary from semester depending upon instructor and topics of current interest to the accounting discipline.

571-3 Governmental and Not-For-Profit Needs. Financial and managerial accounting concepts peculiar to the planning and administration of public and quasi-public organizations such as governmental units, institutions, and charitable organizations. Also includes the study of governmental auditing standards. Prerequisite: ACCT 321 with a grade of C or better.

591-1 to 6 Independent Study. Directed independent study in selected areas of accountancy. Restriction: enrollment in M.Acc. Program.

595-3 Internship. Supervised work experience in professional accounting. Prerequisite: outstanding record in accounting and recommendation of the department committee on internship. Graded S/U only.

599-3 to 6 Thesis. Restriction: enrollment in M.Acc. Program. 601-1 per semester Continuing Enrollment. For those graduate students who have not finished their degree programs and who are in the process of working on their dissertation, thesis or research paper. The student must have completed a minimum of 24 hours of dissertation research, or the minimum thesis, or research hours before being eligible to register for this course. Concurrent enrollment in any other course is not permitted. Graded S/U or DEF only.

Administration of Justice
(See Criminology and Criminal Justice for program description)
