

GUIDELINES FOR THE PREPARATION OF NOMINATIONS FOR MASTER'S RESEARCH FELLOWSHIPS

Master's Research Fellowships -- Stipends and Tenure of Awards

The Master's Research Fellowship will receive a monthly stipend. Fellowship stipends will be awarded for two semesters and one summer session, a total of eleven (11) months (summer intersession May 16-June 15 excluded). Students receiving an offer will begin the fellowship award in the fall semester.

Fellowship recipients will be assigned a ten-hour per week research assignment that will provide professional development opportunities for the student and be of value to the department. The research assignment will be consistent with the student's educational objectives. The Department Chair will determine the research assignment and monitor the student's progress. A fellowship covers full tuition (nine hours maximum in summer) and provides a stipend for living expenses. Fellowship recipients are required to register for a minimum of nine (9) graduate credit hours for fall and spring semesters and three (3) graduate credit hours for summer. Please note that 601 or audit courses do not count toward the registration requirement for fellows. Fellowship recipients may not accept employment inside or outside of the University. During special recruitment and graduate enhancement events held at SIU Carbondale, the Graduate School will solicit the assistance of the Fellows to participate in seminars, orientation and the Assembly of Fellows programs.

Tax Information

Fellowship stipends are paid through the university's payroll system which requires income taxes to be withheld. Fellows will fill out the Employee's W-4 Withholding Allowance Certificate form (W-4 form) as part of the research fellowship award packet. International students on temporary visas should contact the International Tax Office, Woody Hall, or phone for an appointment at (618) 453-5275. Information on taxation of fellowship awards can be found in [IRS Publication 970: Tax Benefits for Education](#) (PDF).

Eligibility for Master's Level Graduate Fellowships.

Although a student who has not yet completed all steps in the application process to the Graduate School and the Department may be nominated, there must be sufficient documentation (transcripts, letters of recommendation, test scores-**required**) to ensure that the student is fully admissible and fully qualified. The nominee must meet the following eligibility criteria*:

1. An overall undergraduate grade point average of at least 3.40 (A=4); **or**
2. An undergraduate grade point average for the last two years of at least 3.50 (A=4); **or**
3. A score at or above the 75th percentile on a standardized test such as the GRE, MAT, or GMAT (copy **must** be attached).

At least one standardized test score is **required for nomination and **must** be submitted as part of the nomination packet regardless of eligibility criteria met.*

It should be noted that students may only receive the Master's Fellowship once. This is basically a one-time only award at the master's degree level. Also note that a master student cannot receive more than two calendar years (*24 months*) of financial support of all types (*support limits may vary*) unless granted an exception by the Graduate School.

Criteria for Awarding Master's Level Fellowships

Master's Level awards will be offered to the nominees who show the greatest promise for scholarly and professional achievement in their respective disciplines. It is expected that both undergraduate and graduate grade point averages will be high, and in particular, that if any, the nominee's graduate work will have been of very high caliber. The following criteria will be employed as indices of promise:

1. The assessment by the department of the nominee's abilities and achievements including honors and publications.
2. Overall undergraduate and graduate grade point averages.
3. Strength of letters of recommendation.
4. Personal statement of the student.
5. Standardized Test scores (**required**).
