Celebrating Carbondale's Diverse Communities

The Office of the Vice Chancellor for Anti-racism, Diversity, Equity and Inclusion would like to invite you to participate in SIU's Diversity Week. This year's theme, "Celebrating Carbondale's Diverse Communities," is designed to cultivate unity, foster inclusion, and enhance knowledge that nurtures a sense of belonging. The week of activities provides opportunities to engage with others and celebrate difference in meaningful ways.

We encourage faculty, staff and students to join us for all of the events which include performances, panel and roundtable discussions, social activities and much more.

For disability accommodations call 618/453-5738.
